### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/9/2006 has been entered.

### ***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

### **IN THE CLAIM**

Re. Claims 2-8, 14, 15, 23-25 and 31-34: Before the phrase "method" as recited in line 1, change the phrase "A" to --The--.

3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as placing a holographic image on the metal layer of the antenna as per claim 1 and a cold foil stamping process for a demetallized web containing the antenna whereby the antenna is transferred to a

second web through the marrying zone registration as per claim 22. Even though the prior art of record of Caperna et al. teaches a security tag including a process of forming a holographic image, the holographic image is formed on a conductive element having conductive pad for electrically contact between the antenna element and the conductive element. However, Caperna et al. fail to teach to form the holographic image on the antenna element. Therefore, it would not be obvious to modify Caperna et al. by adding any holographic image on the antenna element, since doing so would destroy the structure of security tag of Caperna et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Claims 1-8, 14, 15, 22-25 and 31-34 are allowed.
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D. Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Thursday between 6:00 AM to 2:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
